

JOIN OUR RESEARCH STUDY

We are looking for women who would be open to discussing their breast cancer treatment experience.

Who can participate?

- Are 18 years or older and identify as a woman.
- Identify as Non-Hispanic White or Black.
- Are a breast cancer survivor who is 12-24 months post active treatment. (**By active treatment we mean completed any surgery, radiation, or chemotherapy**)
- Live in the St. Louis area, eastern Missouri, or central and southern Illinois.

WHO ARE WE?

The CARE study is led by Washington University School of Medicine.

HOW TO JOIN OUR STUDY

If you are interested and want to determine if you are eligible in participating, please complete this form [here](#) or scan the QR code. We will then contact you to ask you more information, including treatment dates and location.

PARTICIPATION INVOLVES

- Completing a 90 minute virtual focus group with other women
- Receive a **\$90 gift card** for your participation
